

Zebra Rugged Tablet Portfolio

Leading-Edge Mobility for a Competitive Edge

Uncompromising Durability.

High-performance Tablets from a World Leader in Rugged Mobile Technology.

Your workers want bigger screens in their mobility tools. They need to visualize more data at the same time. Their tools need to be extremely rugged—from the inside out. And, this technology needs to be fast, connected and customized.

We listened. Zebra expanded our portfolio to include the powerful R12 and L10 families of incredibly rugged tablets. These tablets can endure hazardous conditions, drops to concrete, water, dirt, etc. Designed specifically for the demands of your industry, our tools empower your front-line users to achieve their performance edge.

From manufacturing, field mobility and warehouse management to transportation, retail and the public sector, our durable, versatile tablets enable you to streamline everyday tasks accurately and efficiently. As the global leader in rugged mobile technology, we understand you need the best.

Choose your level of durability, display size, form factor, operating system, processing power and accessories. This guide helps you discover which solution best fits your needs.

A Performance Edge for Any Environment.

Wherever work takes you, no matter the conditions, perform your best. True mobility is designed specifically for your environment, applications and challenges—whether inside your four walls or outside in the harsh elements. Here's how Zebra can give your business the performance edge for your industry.

Transportation and Logistics

Deliver non-stop service from the first mile to the last.

- Traceability
- Quality assurance
- Asset and facility
- Proof of pickup and delivery
- Fleet management

Manufacturing

Ratchet up productivity from the plant floor to the front door.

- Inventory management
- Supply-line replenishment
- Safety testing
- Maintenance/repair
- Compliance verification
- Receiving/put away/shipping

Public Sector

Meet mission requirements with better visibility.

- Improve public safety
- Asset management
- Real-time awareness
- Monitor personnel
- Increase operational efficiency

Retail

Delight customers from the back of the store to the sales floor.

- Inventory management
- Assisted selling
- Price verification
- Mobile Point-of-Sale
- Line busting

Warehouse

Manage inventory across your supply chain.

- Warehouse and yard management
- Returns processing
- EDI transactions

Field Mobility

Empower your team wherever the job takes them.

- Mobile dispatch
- Work order management
- Asset tracking
- Maintenance/inspection
- Meter reading

Zebra Rugged Enterprise Tablets

Surprisingly Rugged.
Lightweight for Everyday Business Use.

ET51/ET56 Windows or Android Rugged Enterprise Tablets

WLAN for Inside or WAN for the Road

- Bright screen is easy to read in bright daylight
- Durable design withstands drops, bangs, bumps, dust and liquids
- Outstanding roaming, locationing and connectivity
- Replace batteries onsite and hot swap them with an auxiliary battery

Far from commercial grade. Rugged and full of features.

- Manufacturing
- Retail
- Warehouse
- Transportation & Logistics
- Field Mobility
- Public Sector
- Mobility DNA

Zebra L10 Rugged Tablets

Unmatched Durability with the Ultimate in Flexibility.

XSlate L10 Rugged Tablet

Zebra's Most Rugged Tablet

- Stronger than steel magnesium frame; lighter than aluminum
- Rubber corner bumpers add shock durability
- IP65, even with ports open, and 6 ft. drop rated
- Gorilla® Glass and auto-sensing glove/wet-touch technology function in rain, snow and cold

Looks like a tablet, functions like a superhero.

XPad L10 Rugged Tablet

Hard Handle Gives You Added Power

- All the features of the XSlate, plus a hard handle
- Perfectly balanced, ergonomic design for easy portability
- Optional, in-handle barcode reader expedites data entry

Durability and scanning power—in hand.

XBook L10 Rugged Tablet

Not Your Ordinary 2-in-1

- Ideal laptop replacement
- Fully functional, removable keyboard
- Built-in KickStrap

Enter long-form data with ease. Pull it out of a vehicle dock and clip on the keyboard. Use it in the truck bed or at your desk.

Zebra R12 Rugged Tablets

Ruggedness Redefined.
Spectacular Screen.

XSLate R12 Rugged Tablet

Spectacular Screen Size

- Stunning screen is easy to view, even in direct sunlight
- 12.5" display shows more data on one screen
- Customizable to meet any user's needs, even as a 2-in-1
- CPU choices plus touch, pen, voice and camera inputs
- Rugged to handle harsh environments
- Award-winning lightweight design

Visibility, Durability and Features you Need. In One Tablet.

Zebra Visibility Services

You could be caught off-guard by device downtime and battery failures when you don't have visibility into your device data to tell you how your devices are performing, so you can decide what next steps you can take to improve your operations. Without clear, comprehensive data on the mobile devices that run your business, you're in the dark trying to compensate with manual tracking, excessive inventory and repair.

Zebra's VisibilityIQ™ gives you the data-driven, actionable insight when and how you need it. Get a clear view into how your devices are performing and know what next steps can push up productivity and drive down costs.

VisibilityIQ™ Foresight

Go beyond an MDM and view full operational aspects of your devices from a single dashboard view.

VisibilityIQ™ DNA

Peer inside your hardware for answers to key DNA efficiency.

VisibilityIQ™ OneCare®

View status of device repairs, technical issues, contracts, case reports and software, and LifeGuard™ security status visibility.****

**** VisibilityIQ OneCare available in North America for mobile computers and scanners only
