

Dr. Seth Berl | Ph.D., M.A., B.S., B.S.E.E.

Chief Technology Officer
GovSmart, Inc.

Dr. Berl is the Chief Technology Officer at GovSmart, Inc. where he provides his technology, scientific research, and academic expertise to identify products and services, build partnerships, and lead innovation with a future strategic vision. He routinely works with account managers, partners, and customers to plan and implement projects with US Federal Government civilian agencies and the Department of Defense clients to solve complex technical problems and business challenges.

Dr. Berl has a formal education in **physics** and **electrical engineering** with his Ph.D. and M.A. in experimental atomic physics earned at the University of Virginia and dual B.S. degrees in electrical engineering and physics with a mathematics minor at Old Dominion University. He has worked on projects led by various government agencies, including: **DARPA, NSF, DOE** (Jefferson Lab), **NASA**, and **Air Force**. Using his scientific, engineering, and problem solving skill-sets, he founded and operated a technology consulting company with clients including Fortune 500 companies prior to his tenure at GovSmart.

Some of Dr. Berl's business and technology interests include, but are not limited to: high performance computing, enterprise networks, storage systems, cybersecurity, software development, embedded systems, data science, aerospace/defense satellite communications, research & development, and general problem solving. Dr. Berl assimilates and integrates his expertise into GovSmart and client endeavors while enabling over \$260 Million in revenue in 2021 with an expected growth of 15% year-over-year. He always welcomes new opportunities and considers it a privilege to contribute to any client project with GovSmart.

When not at GovSmart, Seth can be found enjoying tennis, guitar, rock climbing, hiking, traveling, and spending time with family and friends.
